

Bow Ties & Bow Wows

Dr. Hellge – Period 3

Frank Sinatra loved animals and especially dogs. At times he lived with 7 of them! Many people, including myself, share that love. But what do you KNOW about dogs?

In this class you will explore the **evolution** of dogs in general and why there are nearly **500 breeds** of dogs in the world today. You will further learn to

understand the **behavior and communication** of dogs as well as gaining an appreciation of the many **different jobs** dogs perform for humans around the world.

This class will use books, videos, and the Internet as learning materials.

The grading will be based on research projects and their presentations as well as quizzes and tests.
